INAPPROPRIATE LAPTOP / MOBILE TECHNOLOGIES USE

As a consequence of your behaviour in using your laptop / mobile technology inappropriately, you are required to complete the written task below.

The internet offers a wealth of opportunities to be entertained, and is also a continually expanding learning resource. It offers an effective way to communicate, collaborate and engage with diverse audiences. Use of the internet and various internet-enabled devices has rapid uptake among people of all ages, but is particularly popular with young people, like yourself.

Young people need to be encouraged to maintain a balanced approach to ICT use, especially during school hours, and to follow communication conventions and protocols when communicating with others online. They also need to be aware that whilst at Manor Lakes College, students are required to complete set tasks first, before choosing to explore online entertainment.

You are required to complete the following written task in 500 words. You need to respond to the statement below.

'Whilst at Manor Lakes College it is expected that I use my laptop / mobile technology in a way which assists me in my learning. When using my machine / device at school I need to...'
